"Our Lady of the Fields Camp was a wonderful place to bring our teens! It's so lovely outside, and the fire pits are cozy! The open space and accommodating staff make it easy to plan a retreat. They really go above and beyond and are not annoyed or pushy when you list all of the many details that come with teens, e.g. allergies, technology, setting up and taking down spaces, etc. The chapel is so beautiful and really sets the tone for reverent worship. Take advantage of this place while it's still available. Once people find out about it, they will book up fast!"
