

# BUILDING SPONSORSHIPS

Over the next two years, we will be updating our facilities, adding essential amenities, building new features, and enhancing our activities to better accommodate larger groups and engage, entertain, and teach the families who attend. To do so, we need to raise \$3,700,000 over two years to begin breaking ground on these initiatives. With your contribution, we will be empowered to evolve into the next phase of our history, building a haven for our community to unite and spiritually grow in their faith for countless generations to come.

## \$10,000 ANNUAL SPONSORSHIP
